VOLUME XXXVI

HOPE COLLEGE, HOLLAND, MICHIGAN,

WEDNESDAY, SEPT. 16, 1925

NUMBER FIFTY-NINE

U. OF NEBRASKA GRADUATE TO TEACH HISTORY

MISS ANN EIKENHOUT BECOMES
OTHER NEW FACULTY
MEMBER

Dr. E. D. Dimment, president of Hope College, has engaged Mr. Bruce M. Raymond of the University of Nebraska to take the chair of History left vacant by Professor Wynand Wichers. Mr. Raymond, who was chosen from a large field of applicants, comes to Hope College highly recommended.

Mr. Raymond's college education was received at the Nebraska University. After graduation, he received his Master's degree majoring in American History and Politics. He began his teaching at the Tulsa High school, Oklahoma, one of the largest schools of the state. For the past two years he has been connected with the history department of the University of Nebraska.

His ability as a teacher is spoken of very highly by the head of the History Department at Nebraska. In scholarship, he has been ranked among the best. In class room methods, Mr. Raymond comes highly recommended. Hope's new instructor has also done graduate work at the University of Chicago and is now working for his Ph. D. degree.

The Nebraska school ranks very high in scholarship in university circles.

Hope College is very fortunate in being able to secure a man such as Mr. Raymond. Mr. Raymond is comparatively young and he is married.

Miss Ann Eikenhout has been engaged as an instructor to replace Miss Van Drezer who will fill the position formerly held by Miss Nella Meyer. Miss Eikenhout comes from Grand Rapids and will teach French and English. She is a graduate of Junior College, Grand Rapids, and of the State University of Ohio. In the French Department at the State University she has proven herself a very valuable assistant.

Miss Eikenhout is also a talented musician, being a pianist of ability. For many years she has been a pleasing entertainer in Grand Rapids, appearing as she did, on many programs given by musical clubs of that city.

PROF. LADD GIVES BOOKS TO LIBRARY

FORMER PROFESSOR DONATES
LITERARY VOLUMES

Professor F. J. Ladd, former Professor of Education at Hope College and for several years head of the Educational department at the University of North Dakota, has given a large collection of literary books to the school library. Practically all the books deal with literature regarding the work done in the educational department. These books are also of value in many other lines of study. About two hundred and fifty books are included in the collection. All of these are now listed in the library and may be secured from the librarian. Professor Ladd has left his position of teaching and is at present interested in a publishing concern.

Dr. Bruno Meinecke, former Professor of Latin at Hope College and at Carleton College, has accepted a position in the Latin department at the University of Michigan.

THE FRONT DOOR OF THE COLLEGE CAMPUS—A VIEW OF THE LIBRARY AND CHAPEL THAT IS ENGRAVED UPON THE MEMORY OF EVERY HOPEITE

MILESTONE STAFF ALREADY AT WORK

EDITORS WANT CO-OPERATION
OF STUDENTS

"The Milestone has tried to offer in a proper way an embodiment of the 'Spirit of Hope', in addition to its prime purpose as a record, so that more may become acquainted with that compelling ideal of Hope." The quoted sentence is part of the Foreword featured in the 1925 Milestone, the Hope College Annual.

To the new students the Milestone is merely a name. It will become more than that. To the old students the Milestone is a book much consulted and cherished, an oasis in the summer vacation's desert. The new staff, members of the class of '27, who are determined to edit a fine 1926 Milestone, seek your co-operation and interest. They wish you success for the year.

The contents of any Milestone deal consistently and cleverly with all of Hope's activities. You, students, are a part of these activities. You want a real book. To answer this desire the Staff feels the studentry must help. Snaps should be handed in gladly. The student should take care of his or her photography work early. The book has a financial side and early discounts are the direct result of early co-operation on the part of the students. We seek your co-operation. Are we going to get it?

Last year the Milestones were distributed the latter part of May. The purchase price was three dollars. The price of the 1926 Annual has not yet been determined. But every student and faculty member of Hope College should have one. Plan now, months ahead, to buy one. Students! help us make a bigger and better annual. Follow your Anchors for the "Milestone Mints."

PI KAPPA DELTA ELECTION

Last June the Hope Pi Kappa Delta chapter of the national honorary forensic fraternity elected the following officers to serve during the '25-'26 year:

Pres.—Stanley Albers.
Vice-Pres.—Theodore Essebaggars.
Sec.—Treas.—Russell Van Dyke.
Debate Mgr.—Dwight Yntema.
Oratory Mgr.—Peter Wesseling.

Among the missionaries who have returned this summer are: Dr. and Mrs. Clarence Holleman, and Miss Tena Holkeboer, of Amoy, China; Miss Jennie A. Pieters of Shimoneskiki, Japan; and Mr. Meinte Schuurmans of Vellore, India.

NOTICE CLASS MEETINGS

The Sophomore Class will hold a meeting Wednesday, (today) September 16, at one o'clock in Winants Chapel for the purpose of electing class officers.

The Freshmen class will meet in Winants Chapel at 3 o'clock today. The meeting will be in charge of members of the Junior class. All Freshmen be there.

A meeting of the Junior class will be held at 5 o'clock today for the election of class officials.

Miss Agnes Buikema, '25, will leave Grand Rapids for Amoy, China on Oct. 12, where she will remain for five years in the missionary service of the Reformed Churches. Miss Buikema recently underwent a serious operation from which she has not yet entirely recovered. She will remain at home until she has been pronounced fit to leave, by her physician.

Cornelius Dykhuizen and Martin Hoeksema, both of the class of 1925, embarked August 20th on the S. S. "Empress of Russia" on their way to Japan for short term service in the mission schools.

WELCOME FRESHMEN

Greetings! A hearty welcome we extend to you, new Hopeites. A special greeting is yours. You come fresh from conquered fields with renewed spirit and enthusiasm. You come seeking—seeking to broaden your life by what college can give you. So we are glad to have you come, for we feel that we have here what you want and what you need. But, too, we look to you because we know you bring something to us. We look to the new element among us for re-awakening. You bring with you happiness and joy of a new adventure and you inspire us with your zeal. So, doubly, we welcome you. Bring on your "pep." We are waiting for you. In fact, we challenge you.

In another way, we greet you as Freshman, whom we gaze down upon with austerity. We greet you from the height of our dignity. From exalted positions—assumed because we have run the gauntlet of your year—we nod to you. Yes, we greet you as Freshmen.

But remember! That greeting is temporary. It exists only for the good and the fun we all will get out of it. Our first greeting is the lasting one. It is the one we want you to accept, earnestly. We speak from our hearts, approvingly, happily, when we say, we greet you, NEW HOPEITES!

PROF. PATTERSON REMAINS AT HOPE

RECEIVES AN INCREASE IN HIS
SALARY

Hope College officials have been very fortunate in retaining Dr. F. N. Patterson as head of the science department through an increase in salary. The Hope College authorities and student body had been very anxious in awaiting the outcome of his resignation and his reconsideration and his affirmative reply have been met with enthusiasm by all.

Dr. Patterson received many offers from various universities but the good work of Hope's authorities repelled these offers and succeeded in inducing him to remain at Hope.

Dr. Patterson has served sixteen and one-half years at Hope College as Professor of Biology and during that time has come in contact with many students who learned to know him as an excellent teacher, and hard-worker, and a willing helper in all affairs concerning the welfare of Hope.

Before coming here, Dr. Patterson had served as principal in a Canadian school and later having taught at Mount Hermon, Massachusetts. He also became a research worker in the nutrition laboratories of Carnegie Institute, Boston.

ALUMNI NEWS

Wedding bells have rung merrily for Hope Alumni this summer. The velvet covered shackles have been pleasant for Garry De Jonge and Everdene Kuiper, Bert Brower and Sue Hamelink, Albert Van Zoeren and Irene Van Zanten, Ray Kuiper and Lois Thoms, Rev. John Kempers and Mabel Van Dyke, Maurice Visscher and Gertrude Pieters, Theodore Tritenbach and Marian Klaasen, Rev. Paul Trompen and Helena Jager, and Rev. Claude Leon Pickens, Jr., and Miss Nellie Elizabeth Zwemer.

Dr. John B. Nykerk has been elected a member of the board of directors of the chautauqua association of the Reformed churches held at Chautauqua, N. Y.

Dr. Joseph R. Sizoo, pastor of the New York Ave. church at Washington, D. C., gave the address at the bier of William Jennings Bryan. In his discourse, Mr. Sizoo stated that his whole attitude in life was changed when he heard Mr. Bryan's speech at Hope College when the great lecturer gave as his theme "The Value of An Ideal" the subject selected by Dr. J. B. Nykerk for a number in the Hope College Lecture Course.

HOPE BUILDINGS ARE PREPARED FOR NEW YEAR

NUMEROUS IMPROVEMENTS ARE
MADE IN CHAPEL AND
DORMITORIES

Returning Hope Students are noticing the varied improvements which were made upon the College buildings during the regular summer vacation.

All of the work has been fully completed so that the College work will in no way be interrupted.

Winants Chapel was furnished with a more complete heating system and all the necessary alterations have been made in the chapel basement, so that the apparatus might be correctly installed. All of the rooms in the chapel have also been made ready for another year's work. Students at Van Vleck and Vorhees Dormitories are finding their rooms re-decorated with appropriate wall decorations. The colors used in decorating these dormitories proved to be most effective in bringing out the beauty and cheerfulness of these temporary student homes.

Van Raalte Hall was not completely redecorated, but all necessary changes were effected and the building is in first-rate shape for use. The college grounds have been generally improved and the work of beautifying the lawns was started last spring has been entirely finished.

FORMER HOPE CHINESE STUDENT RETURNS HOME

K. G. Chiu, graduate of the class of '24 has returned home to take a position as teacher in education at the Talmage College, China. He becomes an instructor at the college of which Rev. Henry P. De Pree of Zeeland is president and George Kots, a Hope graduate, is a teacher. Mr. Chiu entered Hope after having completed a course in Talmage College. He received his A. B. degree in 1924 and later entered Columbia University where he was awarded his A. M. degree.

EXCELLENT RECORD MEETS APPROVAL

HOPE RATED HIGH IN GREEK,
LATIN AND ENGLISH

Hope College has been given a place on the accredited list of the leading universities of the nation. These represent all the standardizing associations and state universities, New York and California included. Hope College also is a member of the Association of American Colleges. These ratings are on the basis of scholarship standards, plant and equipment, teaching force and endowment.

The University Club of the City of New York has entered Hope on its accredited list, which gives Hope graduates full membership privileges and other considerations.

The high scholarship in Greek, Latin and English maintained by Hope over a period of more than forty years had been recognized in the east.

Only recently the University of Illinois has given Hope the highest rating as an accredited college.

Rev. and Mrs. John Kempers are to be pioneer missionaries of the Reformed Church of America in Chiapas, Mexico. They will start for their new post in this altogether new field, shortly.

PUSH

How do you do. Have you met the Anchor?
The Hope weekly is on the job, glad of a rest and ready for a real year.

The Anchor wants another basketball championship, some more M. O. L. firsts, a fighting football squad, last year's murderers row, glee club and forensic victories; every loyal Hopeite wants these.

The only way to win them is to get out and push all the time. Support the coach, yell for the team, and everything is possible. This isn't so hard either after the habit is formed. It's fun—it's great—pushing and shouting for Hope.

That is what the Anchor plans to do.
Altogether then, let's push.

THE POT BOILS.

Today the melting pot begins to boil. New York's pomade and the country hayseed, the city's marcel and Main Streets' curlers; the cultured East, the breezy West, the fiery South and the keen-eyed North, together with a sprinkling from across the waters,—from these we expect to crystallize our "Hope." We have had a great product in past years, small in quantity but superexcellent in quality. We want to keep the larger quantity to the same high standard. Perhaps the pot boiled a little harder in those days. If so, why? Perhaps we ourselves are a bunch of dead coals instead of flaming embers. Perhaps we are throwing on sand instead of fuel. It may be we think our little spark isn't worth fanning into flame, or maybe we are not willing to develop into the mighty flame we might be. Whatever the cause, let's shake out all the loose ashes, and set the pot bubbling again. We have a bunch of new material to melt down. Let's go for a bigger, better, peppier and more loyal Hope!

Miss Evelyn Zwemer who has been teaching in the mission schools in Kentucky for the past few years has been appointed field secretary of the Woman's Board of Domestic Missions.

Rev. and Mrs. Ralph G. Koreling, former Hope graduates, are planning to sail for the mission field in Arabia in November. Rev. and Mrs. G. J. Pennings plan to return to Arabia next fall.

LAKE GENEVA

Taps had sounded. Lamps were extinguished. All the men had retired but not all slept. Some, that of home, of school, and of the Lake Geneva Conference. 'Twas the close of a beautiful Sunday, June 21. Pleasant reminiscences crowded my mind. We thought of the impressive services led by Bishop MacDowell, of the inspiration of his personality, and of what he said. We thought of the hymns from the throats of a thousand men of every color and creed. We thought of the tremendous influence this large body of men could have if each took Christ seriously and tried to imitate him.

Religion was talked about much, but is not lived by those who profess to be Christians. The sentiment prevailed that the church as it exists has failed. Something must be done. It was affirmed that all college men and women are to bring about a change. We must follow his example also in this respect. Such was the opinion of Dr. Bruce Curry of the Union Theological Seminary of New York.

Nineteen Hope men left Lake Geneva impressed with the possibilities opening before them—opportunities of leadership, of molding thought, of encouraging reform, of shaping men's lives. This is the task for Hope men. "Y" gives you the opportunity. Get linked with the best on Hope's campus.

EXCHANGE

Each Canadian university may soon have a representative in the House of Commons at Ottawa. A member of the Federal House proposes to introduce the following resolution:

That in the opinion of the House the time has arrived in our national development when Parliamentary representation should be accorded our Canadian Universities." Parliamentary representation for universities is an old idea in England.

—The New Student.

Enrollment in American colleges will total more than 300,000 this year. Columbia claims the largest quota, with 35,000 students.

Only 35 per cent of the 680 men at Syracuse are physically fit. Flat feet and defective eye-sight were the most common imperfections.

Hood College students celebrate a pay-day every year, on which occasion everybody in college settles all debts and starts the year clean. A central point of meeting is decided upon for this purpose.

—Richmond Collegian.

The Journalistic department of the University of Iowa has a newspaper library which contains an edition of every daily paper published in the United States, 2500 in all.—Sun Dial.

Out of 4,700 students at the Texas University only 12 are foreign students. Crimson-White.

Because of racial discrimination in Omega Beta Phi fraternity, Carl Colby, a sophomore medical student at Knox College, Galesborough, Ill., resigned from the local chapter. A Japanese and two negroes had to resign before the Knox Chapter could be a member of the National organization, and Colby withdrew.

Responsible Jobs for Seniors

Campusology

DURING SUMMER

What did you do this summer?
One group of students forms here, while another forms there, like so many bees around a drop of water—only in this case money is the attraction. During the first weeks an adventurous dozen invaded the pea fields of the Badger state. Later managing pickle stations has been a big attraction.

Others with stronger social instincts have been busy canvassing—hostelry, kitchen ware and what not. Contrasted with these are the manual laborers. Temporary painters, carpenters, and farmers blossomed forth to ply their trades as soon as last semester was completed.

The girls can not be ignored either; for what would Waukazoo do without them, or the other resorts that are acquainted with Hope coeds?

There weren't many Hope students walking the streets of Holland this summer. Most the outsiders went home. The local students were busy during the day and at night there are so many things to do. Of course, usually a bunch of fellows hangs around the sporting stores, but most everybody is doing something.

The bathing in Lake Michigan has been fine all summer. It sort of made up for the hot days. And playing tennis was all right before the thermometer hit the top and forgot to come down. Golf, that cripple's game, some students have dared to try.

It was rather lonesome not to see a lot of Hopeites on the streets, but now it's better. All we want is to get acquainted.

The intellectuals from away aren't saying much yet, are they? The ones from the fertile corn state especially. We hope that during their sojourn in that "far country" their prodigality did not reduce them to the "husks" of their pet crop.

Meanwhile grass has grown under our feet. While the faithful janitors have been doing well mowing the lawns, the longer grass and some weeds have found sanctuary in the hinterlands. The sprouts from former seedlings of sandburrs near the Gym will soon have reached an effective maturity. When the Frosh are being introduced about, don't forget the sandburrs. And remind them that it is their bounden duty to wholly exterminate them this year.

Tune me for life again, O quiet musician.
Strive to adjust my loosened thots until
Made taut, they shall be yielding to Thy Fingers
Gladly as trees to winds that touch this bill.

Every door I opened
In the great castle of Wisdom
Showed me an empty room.
Thus, having learned wisdom,
I leave the last one
Tightly locked.

But to go to school in a summer morn
Oh, it drives all joy away!

THE HONOR SYSTEM

Nine years ago, the Honor Code was drawn up and adopted by the students of Hope. Each year since then the code has been submitted to the student body and reaccepted by it—after any necessary revisions. Read the code carefully and then decide how you will vote.

Hope College HONOR SYSTEM

Article I

Section 1—The Hope College Honor System shall embrace all curricula work, i. e., all examinations, written or oral, sectional, semester and daily quizzes, and all work done outside of the class room for which credit is usually given.

Section II—All term-end, mid-term, six weeks, or sectional semester examinations covering a period of two weeks, or more shall be announced forty-eight hours in advance by the professor or instructor in charge.

Article II

Section I—Where possible, professors and instructors must insist that students occupy alternate seats during any written examination or quiz. Where this is impossible, the professor or instructor must prepare more than one set of questions, so that no two students sitting next to each other shall be answering the same set of questions.

Section II—No notebooks, textbooks, or notes of any kind shall be taken to any examination or quiz that has been announced forty-eight hours in advance.

Article III

The following pledge must appear on all written examinations and quizzes and work done outside of the classroom for which credit is given: "I pledge my honor that I have neither given nor received aid in this examination, (quiz, outside work.)"

Article IV

Section I—Any attempt, or actual success in an attempt, to render assistance, or to receive assistance from any person taking an examination or quiz, whether the person attempting or actually receiving or giving assist-

ance be taking the examination or quiz or not, shall be deemed a violation of the honor code.

Section II—Any attempt, or actual success in an attempt, to receive aid from books, notebook, paper, etc., in any examination or quiz shall be deemed a violation.

Section III—Any attempt, or actual success in an attempt, to obtain previous to an examination or quiz, knowledge of the questions or copies of the questions to be given in the examination or quiz shall be deemed a violation.

Section IV—Any attempt or actual success in an attempt, by any person attending this school to substitute someone else's work for his own, shall be deemed a violation. This pertains to essays, short stories, orations, addresses, etc.

Section V—Failure to sign the pledge shall be deemed a violation.

Section VI—Any failure on the part of the professor or instructor to abide by the stipulations in Article II, Section 1, namely to provide different sets of questions where alternate seats are impossible, be deemed a violation.

Article V

Section I—The Honor Committee shall be composed of the presidents of the four college classes and one impartial faculty members to be chosen by the other four members of the committee. Absence of any member shall be filled by the next highest officer in the class.

In case of the unavoidable and unforeseen absence of any committee member, whose place cannot in the circumstances be filled by a next highest officer in the class, his place shall be filled by a member of the class chosen by the remainder of the committee.

Section II—The impartial faculty member chosen by the Honor Committee must not be a professor nor instructor who has an offender or offenders of the Honory System in any of his classes.

Section III—The Honor Committee shall meet the second week of the school year to select from the Junior or Senior class the man who shall act as prosecutor in any trial of any of-

fender. The prosecutor shall be chosen preferably from the Senior class.

Section IV—The President of the Senior Class shall preside at all meetings, and in all cases shall have a vote.

ARTICLE VI—Procedure

Section I—Procedure for violations outlined in Article IV, Sections I, II, III, V.

Section I (a)—If any student, professor or instructor suspects or has knowledge that violations of this Honor System as outlined in Article IV, Sections I, II, III and V are in progress, that student, professor or instructor shall immediately tap upon the seat, chair, or desk with sufficient intensity so that no student shall be in ignorance of the warning.

Section I (b)—If, after this warning has been given, a student, professor or instructor be reasonably assured that violation is still in progress, he shall report the offender to the Honor Committee as soon as possible.

Section I (c)—Warning shall be personal for any violation of Article IV, Section IV, pertaining to work done outside the class room. If violation continues, report shall be made to the Honor Committee as soon as possible.

Section I (d)—Upon receiving notice of an offense, the Honor Committee shall convene in a suitable place no later than a week after the time of the report of the offense, and the case shall then be prosecuted in accordance with the provisions stated in Article V.

Section I (e)—Defendant shall not be denied the right of counsel. Counsel shall be limited to one individual. Counsel shall have the privilege of asking only such questions as lead to the establishment of truth.

Section I (f)—The Honor Committee shall have the power to subpoena witnesses and assess a penalty for failure to appear.

Section I (g)—All trials before the Honor Committee shall be private. Facts in the case shall not be divulged, except the final decision of the committee. A unanimous decision shall constitute a conviction. From this final decision there shall be no appeal by the student body or defendant.

Section I (h)—PENALTIES—Penalties shall be assessed at the discretion of the Honor Committee. Minimum penalty shall be a failure in the examination or quiz in which the violation occurs. Maximum penalty shall be expulsion from the school by the constituted authorities.

Section II (a)—PROCEDURE FOR VIOLATION OF ARTICLE IV, SECTION VI—If any professor or instructor fails to comply with Article II, Section 1, namely that of providing sets of questions where alternate seats are impossible, the attention of the professor or instructor shall be called to the fact of the violation by a student or students taking the examination or quiz. If provision is not made according to Article II, Section I, the examination or quiz shall not be binding upon the students taking the examination or quiz.

Article VII

Section I—Disposition of any case in any way except by trial before the Honor Committee, after due warning has been given, shall not be binding on a student, students, professor or instructor.

Article VIII

Section I—This code shall be printed in booklet form by the Student Council of Hope College and distributed to the student body the second week of the school year.

Section II—The third week of the school year, the entire student body shall vote in mass meeting to uphold this code in its entirety, to revise it, or to abolish it altogether.

Section III—This code may be amended, revised or abolished, by a three-fourths (¾) vote of the student body present at a meeting called for that purpose. A majority (51%) of the student body shall constitute a quorum at such a meeting.

LIGHT EXCHANGES

It's a wonderful thing for the women, The popular permanent wave; Now its up to some struggling inventor

To get out a permanent shave.

The height of laziness—the man who would freeze to death before he'd shiver.

Stude—"Could you tell me in round numbers what I made in the test?"

Pro!—"Yes. Zero."

Is there a word in the English language that contains all of the vowels?

Unquestionably.

What is it?

I just told you.

She—"Are you going to the library this afternoon?"

He—"No, I have to study."

He—"Say, Mabel, may I come over tonight?"

She—"Sure, John, come on over."

He—"Why this is not John."

She—"This isn't Mabel either."

Mitchell says:

"One if by land,

Two if by sea,

Three if they come

By the air, 'b' gee!"

College Grad—"I'm a college man, and I want a position."

Employer—"No college man will work in this place as long as I am boss."

College Grad—"Who mentioned work?"

She—"Meet me at the library at seven."

He—"All right, what time will you be there?"

Pete Wesselink (growing passionately poetical):—"I am only a tiny pebble in your life."

She—"Then why don't you become a little boulder?"

College Man—"What do you charge for rooms?"

Landlady—"Six dollars up."

College Man—"But, madam, I am a student."

Landlady—"Then it's six dollars down."

A peach came walking down the street

She was more than passing fair; A smile, a nod, a half-lost eye, And the peach became a pair.

She—"How many cigarettes do you smoke a day?"

Van Vleck—"Oh, any given number."

"Rastus, I'm sorry to hear that you've buried your wife!"

"Boss, ah just had to, she was dead."

Gite—"How do you get so many girls?"

Hart—"Oh, I just sprinkle a little gasoline on my handkerchief."

"What's the matter, old man?"

"I wrote an article on fresh milk and the editor condensed it."

SUGGESTIONS TO FRESHMEN

Sell the Second-hand Ford—

It cannot make the grade.

We don't want rattle traps.

It's better to walk than push your girl in a balky Ford perambulator.

Avoid dates of unknown origin.

Look for a rich man.

Three dates make a "go"—that's why hope comes before Hope.

Honor the Seniors;

Love the Juniors;

Obey the Sophomores.

Don't be yellow.

Don't be red.

Don't be blue.

Be natural—GRETIN

Pay attention in Chapel.
